ATTACK ON SAILORS OF
THE GUNBOAT ANNAPOLISMade by Civilians Aided by Carranza Soldiers
at Port of Mazatlan

AFFAIR WAS REPORTED TO THE GOVERNMENT AT WASHINGTON BY A MEMBER OF THE MEXICAN EMBASSY

(Associated Press)

Washington, June 19.—Acting on telegraphic instructions from Mexico City, a Mexican embassy official left a communication at the state department this morning, but no information of its import was given out. Officials thought the communication probably a request for a prompt reply to the Carranza note demanding the withdrawal of American troops from Mexico. A reply will be sent today.

TROUBLE AT MAZATLAN

Washington, June 19.—The Mexican embassy in a communication to the state department this morning announced a clash between sailors from the gunboat Annapolis and Carranza soldiers at Mazatlan yesterday. The embassy asked that no men be landed from American warships in Mexico under present conditions.

ANSWER TO CARRANZA'S NOTE

The embassy secretary seeking an engagement for Ambassador Arredondo, was told Lansing was busy and making no engagements today. It soon afterward became known that the reply to the Carranza note would be sent today. Its understood to inform Carranza that American troops would not be withdrawn until Mexicans demonstrate they can guard the border from bandits. It reiterates the United States' position toward Mexico.

The embassy brought the government the first news of the Mazatlan trouble. The Mexican version said a boat loaded with marines attempted to land but was warned off until permission of the military authorities could be obtained. The boat returned several hours later with the crew armed.

JAP FIRED THE FIRST SHOT

During an ensuing argument a drunken Japanese fired at the Americans. The Americans fired into the crowd and the Carranza soldiers returned the fire.

AMERICAN OFFICERS HELD

Two American officers are held until explanations are made. The communication doesn't mention the American casualties. Two Mexican soldiers and one civilian were wounded.

YUCATAN DECLARES WAR

Galveston, Tex., June 19.—All Americans have been ordered out of Yucatan by the government and a state of war between the two countries declared existent, according to passengers arriving on the Norwegian steamer Nils from Progreso. There is great excitement in Yucatan. Americans and other foreigners are aboard an American gunboat.

ACCOMPLISHED ITS OBJECT

Brownsville, Texas, June 19.—Having accomplished its object, the dispensing of Mexican bandits who Friday night raided Texas ranches and attacked a detachment of the Twenty-sixth Infantry east of San Benito, Texas, and upon promises of the Carranza commander at Matamoros that he would run down and punish the outlaws, the fourth American punitive expedition to enter Mexico was withdrawn yesterday. There were no American casualties. Two bandits were killed and two wounded, according to the official report of the fight, although an unofficial report came from Matamoros placing the Mexican dead at two.

CZAR'S MEN TOOK CZERNOWITZ

Czernowitz, capital of the Austrian crown land of Bukovina, is in the hands of the Russians, and the Austrians who had been possessing it are in a retreat toward the Carpathian mountains. Hard fighting took place in the capture of the Czernowitz oridgehead and in the passage of the River Pruth, but when finally the Russians gained the right bank of the river the Austrians evacuated the capital, leaving one thousand prisoners and some guns in the hands of the Russians.

To the north, in Galicia, and Volhynia, the Russians are meeting with desperate resistance on the part of Austro-Hungarians and Germans, some of the latter of whom are declared by Petrograd to have been brought from the French front in an endeavor to aid in stemming the Russian advance.

BANKS PUTTING MOVEMENT
ON A SOLID BASISMarion County Pig Clubs will be Aid-
ed by Our Moneyed Men

With a view to introducing better methods of hog raising and better breeds of hogs, with the ultimate object of bringing about the raising of one breed and standardizing it, a boy's pig club is to be started in Marion county under the direction of R. W. Blacklock, demonstration agent, and the banks of the county have agreed to set aside \$1,075 for the purpose, prorating this amount according to their assets.

To be eligible for membership in the pig club a boy must be a member of the Boy's Corn Club in good standing. It is thought that about 35 boys will undertake pig raising. The breed of hog to be used has not yet been decided on. A registered bred gilt will be bought and sold at cost to each boy, who will be required to give his notes. He will be given 12 months in which to pay for the gilt, and will be charged 6 per cent interest.

Each pig club boy will be required to exhibit at the county fair, and will have a special space, and in connection with the boy's pigs the county demonstration agent will arrange a general propaganda exhibit.

The following rules have been agreed on for the club:

1. To be eligible for membership in the Banker's Pig Club a boy must be a member of the Marion County Corn Club in good standing.
2. The member must agree to care for the pig under the direction of the county agent and if he fails to do so or neglects the pig so as to impair its value to deliver same over to county agent upon the return of his note.
3. The member must care for his pig in person and must keep a record of his work.
4. The member is to exhibit his pig at the county fair.
5. The member is to be sold his pig at actual cost and is to give his personal note without any endorsement. He is to be given twelve months in which to pay and will be charged 6 per cent from time of receiving the pig.

PROHIBITION PARTY

The prohibitionists of Florida will hold their state convention in Jacksonville tomorrow. The convention will be presided over by John R. Coffin of Eustis, chairman of the state executive committee. The convention will probably nominate a state ticket and elect delegates to the national convention, which will meet in Minneapolis July 18-23.

PERSHING IS TAKING
EVERY PRECAUTION
TO AVOID ANY UNNECESSARY CONFLICT WITH MEXICAN TROOPS

(Associated Press)

Columbus, N. M., June 19.—General Pershing is taking every precaution to prevent any trivial incident precipitating a clash with Carranza troops. Reports from the field say that detachments near the Carranza camp have been withdrawn. Scouting patrols have been instructed to be extremely cautious. Communication lines are being watched closely.

NO RAIDS TODAY

San Antonio, June 19.—It is indicated at army headquarters that the New York, Illinois and Pennsylvania militia will be the first regiments called.

Columbus, June 19.—General Pershing is said to be quietly preparing plans for a quick dash north and east at the first sign of hostility. It is believed the first plan he will carry out will be the capture of the Mexican Northwestern railway.

MORE TROUBLE FOR
DR. MONTGOMERY

A telegram this morning from Dr. Montgomery of Micanopy to one of his friends in this city said that the doctor was in jail in Gainesville, where he had been placed by the sheriff of Alachua county without any warrant. The friend was requested to go to Gainesville and help bail the doctor out. It added that he was shot at while sitting on his piazza yesterday evening, that shot going too high.

An Ocala chauffeur who was in Micanopy this morning said Dr. Montgomery's office there was vacant and locked up, but shot full of holes.

It has been understood for some time that a couple of Alachua county men are after Dr. Montgomery with guns. If Sheriff Ramsey locked Montgomery up, it was probably with the desire of saving his life.

At His Mother's Request

A telephone message from Gainesville this afternoon gave the information that Dr. Montgomery had been locked up in the jail in that city at the request of his mother. It appears that Dr. Montgomery's mother refused him a sum of money, and he threatened to choke her to death, and for this reason she asked that he be locked up.

EXPECTING AN INVASION

Mexicans Tore Up Railroad Tracks on Bridge from Brownsville Into Matamoros

Brownsville, Tex., June 18.—Mexicans operating from the southern side of the river destroyed all railroad tracks on the international bridge here last night, effectively blocking all traffic except to pedestrians. Fear that troop trains might be sent over the bridge from the United States caused this action.

ROSTER OF THE
OCALA RIFLESBoys in Khaki Called to Join Uncle
Sam's Regulars on the
Mexican Border

A little before 8 o'clock Sunday night, a Western Union messenger boy came into the Star office with an Associated Press telegram, announcing that the National Guard of all the states had been called out for duty on the Mexican border.

The Star at once notified all the officers and members of the Ocala Rifles who could be reached by phone, and judging by the remarks they made on receiving the news they were ready and willing to go.

Captain Edward Drake said this morning that his company, if called, would be ready to move immediately that transportation and several other matters are attended to.

The enlisted strength of the Rifles is at present 63 men, with 65 the number of men required for mustering into the federal service. There are four men on the waiting list. No difficulty will be experienced, therefore, in enlisting the 65. In the event that the company is called, R. L. Marsh, second lieutenant, will remain at headquarters here to recruit up to the full war strength, and he will join the company at whatever point it happens to be.

There has been some talk of a "home guard" to take the place of the Rifles. Any civilian can organize such a body of men, and apply for enrollment as state militia.

At 10:38 o'clock Captain Fred Weihe, commanding this post of the National Guard of Florida, received a telegram from Adjutant General J. Clifford R. Foster, giving instructions to hold the Rifles in readiness for call into federal service and to recruit to full war strength of 150 men. Captain Weihe immediately acknowledged the message, and told a representative of the Star that the members of his company would immediately be communicated with. All equipment will be held at the armory in order that the men may be made ready to move at a moment's notice.

The telegram from the adjutant general reads:

"You will hold your command in readiness for call into federal service. Detailed instructions will follow. Consult paragraphs 450 to 463 inclusive U. S. army regulations, and state general order No. 43, series 1911. Recruiting officers designated under the latter order may at once commence to enroll to war strength, but no enlistments or re-enlistments will be made until receipt of new enlistment forms, which go forward by mail. Acknowledge."

The roster of the Rifles as at present enlisted is as follows:

Captain F. E. Weihe, post commander; Captain Edward Drake; First Lieut. H. C. Campbell; Second Lieut. R. L. Marsh; Sergeants J. E. Leitner, J. B. Gates, W. A. Altman; Corporals C. A. Blalock, R. V. W. Vandervoort, H. D. McIntosh, H. E. Crumpton; Musicians A. M. Davis, W. L. Williams; Privates, W. R. Atkinson, A. E. Ashshire, N. G. Albritton, E. C. Anthony, D. D. Balliet, M. Bow-

The Alabama, Louisiana and Mississippi troops will organize tomorrow. The North Carolina and Virginia troops are gathering today, but those of Tennessee, South Carolina and other states will require several days to get together. SOME DIFFERENCE

The enlistment forms spoken of in the telegram received by Captain Weihe from Adjutant General Foster did not arrive on the Seaboard mail at 12:40, but will probably arrive on a later train this afternoon.

When the morning papers from Tampa and Jacksonville reached the city it was noted that President Wilson's call was for the peace strength, with Florida's quota one regiment. The message from Adjutant General Foster gave instructions for recruiting the Rifles to war strength.

THE STAR TOLD THEM

A few minutes after the dispatch came Sunday night, telling that the national guard had been called out, and the Star had passed the word to those most interested, the news percolated out in town, and for the next hour the Star's phone was kept busy answering calls from people who wanted the news. It's some advantage to a town to have a paper carrying Associated Press dispatches in it.

Forethought

People are learning that a little forethought often saves them a big expense. Here is an instance: E. W. When we go on an extended visit we take it with us." Obtainable everywhere.

CONFIDENT THAT WAR
IS NEAR ITS CLOSE

Jacksonville Metropolis, 18th: The war among the nations of Europe is nearing a close, according to the idea of R. F. C. Waldron, representative of James Nelson & Sons, Ltd., of London, England; who arrived in the city yesterday from New Orleans, where he has been for several weeks investigating the shipping facilities in that port.

WOODMEN MEMORIAL SERVICE

In spite of the inclement weather a few members of Fort King camp, W. O. W., gathered at the camp hall yesterday afternoon to pay tribute to their departed brethren. Owing to the absence of the speaker of the occasion, Judge J. G. Ferguson made the small assemblage a short, but interesting and appropriate address, after which a committee appointed for the purpose proceeded to the cemetery and distributed the floral offerings that had been brought to the hall.

ONLY A FEW HOURS AHEAD

The appearance of the members of the Woodmen degree team, in their neat khaki suits, on the street Sunday afternoon, gave rise to the report that the Rifles had been ordered out to go to the border. As events proved, the rumor was only a little ahead of time.

BIG CHECKER BOARD

An Ocala checker fiend, wearying of the conventional game, has built him a checker board a foot square, with 144 squares, requiring twenty-four men to each side for a game. He says after playing a few games on it that the old style seems cramped, and rejoices in the new combinations the increased number of men and squares allow.
